## **DETAILED ACTION**

### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lee Huddleston, Jr. on 20 September 2006.

The application has been amended as follows:

- Claims 38-46 have been cancelled.
- On line 2 of both claims 18 and 31, the phrase "arranging the plurality of spacers in rows" has been replaced with --arranging the plurality of spacer inserts in rows--.
- On line 7 of claim 47, the phrase "enlarging the plurality of machined holes" has been replaced with --enlarging the entire diameter of each of the plurality of machined holes--.

### ***Allowable Subject Matter***

2. Claims 15-24, 28-37, 47, 48, 50, and 52 are allowed.
3. The following is an examiner's statement of reasons for allowance: Claims 15-24, 28-37, 47, 48, 50, and 52 are allowable because of the method performing the steps of machining a plurality of holes, positioning a spacer insert in each of the holes, applying a hardfacing material, removing the spacer inserts, and enlarging the entire diameter of

each hole as set forth in the claims. Crawford and Hudson et al. both disclose enlarging a portion of the hole but fail to disclose enlarging the entire diameter of the plurality of holes. None of the prior art cited discloses a method performing the steps of machining a plurality of holes, positioning a spacer insert in each of the holes, applying a hardfacing material, removing the spacer inserts, and enlarging the entire diameter of each hole to form a drill bit structure. Therefore in view of what has been stated above, the claims are allowable over the art of record.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
